pro-activity
decision making
awareness
lead by example
consistency

KEEP IT SIMPLE

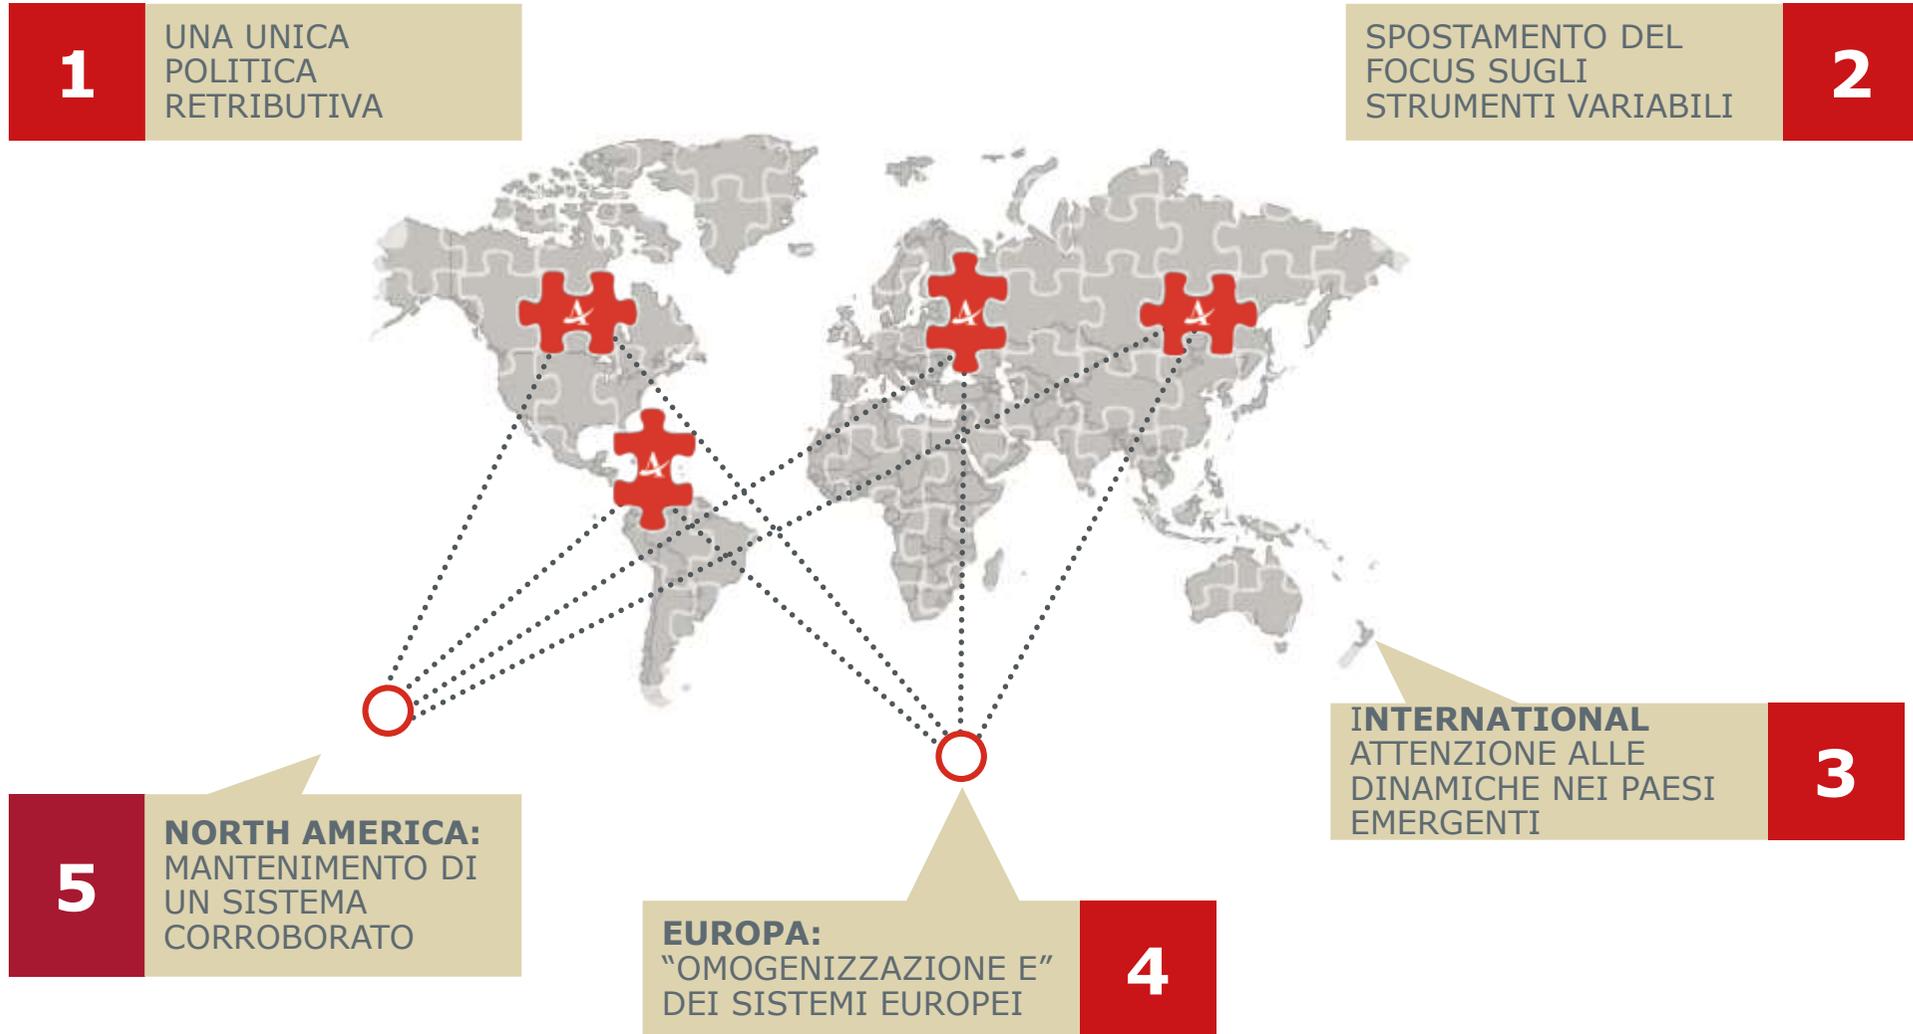

simplification
collaboration
impact
pragmatism
effort
reason
balance
humanity

Incentivazione
@Autogrill

Il percorso...

Differenti sfide rispetto ai mercati e alla presenza

Executive: incentivare i risultati di breve e di lungo

Introduzione di sistemi di breve e di lungo **trasversali** al **gruppo** per aumentare partecipazione e visione d'assieme (ca. 140 persone)

Introduzione nel variabile di breve termine (MBO) anche di **obiettivi triennali** per sostenere la **sostenibilità** del risultato

Inserimento di **obiettivi operativi** come "customer satisfaction"

Utilizzo di **processi automatizzati** per la gestione amministrativa

Europa: creazione di sistemi condivisi per tutti gli HQ

Introduzione di un **UNICO SCHEMA MBO** per TUTTI HQ (ca 700 persone) con obiettivi:

- Europei
- di Country
- di Dipartimento
- individuali

Nuova Organizzazione Matriciale: Gestione attraverso **WORKFLOW AUTOMATICI** che permettono valutazione del **capo gerarchico** e **funzionale** (spesso in paesi diversi)

Inserimento nel piano **PHANTOM SOP** di persone con potenziale di crescita

International e Nuove Generazioni: ripensare la *retention*

IBRIDAZIONE DEI PIANI, unire diverse "leve" motivazionali in un unico schema:

BOOST YOUR DEVELOPMENT: creazione di piani di *retention* che pagano con budget di formazione individuali e permettono esperienze fuori dall'ordinario

PIANI DI CO-INVESTMENT: aumentare soprattutto in geografie lontane il "deal" tra dipendente e azienda, creando meccanismi di co-investimento

BOOST YOUR EFFECTIVENESS:
"bonus bank" per accompagnare
passaggi "critici" della vita del
collaboratore

Incentivazione di rete

Specifica per **PAESE**

Legata a obiettivi di **VENDITA, MARGINALITA'** e **QUALITA'**

Collegamento a comportamenti di **VENDITA, SICUREZZA** e **LAVORO DI SQUADRA**

Obiettivi e pagamenti **TRIMESTRALI**

Gestione attraverso il **SISTEMA**

Grazie!
